DIRECTORS MESSAGE

Although Christmas isn't even here, it is time for us to start thinking about and planning for our Spring Recital. Details of the recital, such as date, time, place, cost, etc. are listed in this newsletter. Our Spring Recital is quite an event for all involved— students, parents, & instructors. You will likely see your students getting measured in class over the next several weeks for costumes. Often we order costumes before recital routines are even started because it such a lengthy and difficult process! We will make every attempt to show the students and the parents their costumes as soon as we possibly can. We ask for your patience during this time. More specific information regarding the spring show will be sent in the new year.

Amber Walker, Director

Recital Fee

The Recital Fee helps us pay the costs required for putting on a performance such as auditorium rental, tech fees, props, programs, etc. We have 2 recital fee packages: a "Tickets Only" package that includes 2 adult tickets into the show and an "All-Inclusive" package that includes a DVD, Flowers, and 2 adult tickets into the show. This fee is due April 15th. We will notify you of this amount and ask you for your desired package early next spring (All-Inclusive is the default plan but you will be able to opt out to the Tickets Only package at this time).
